Guidelines for the use of Video and Stills Cameras

WABL Guidelines for the use of Video and Cameras

The issue of photography of minors, both still and video is an increasing concern in our society. Basketball Australia has a policy requiring the use of permission forms for individuals for National Championships. This is enforceable under such a controlled environment but would be impractical to facilitate under WABL conditions.

Basketball WA is mindful of the importance of recording of basketball contests to parents, coaches and relatives.

The following guidelines are designed to assist WABL Associations and Games Controllers:

- Photographs / Video recordings may be made of WABL games unless the venue Games Controller is notified of an issue with this taking place.
- If a complaint or privacy notice is received by the Games Controller, they are to approach the photographer / video operator in a non-threatening manner, ask what the purpose of their recording is and ascertain the person's name and contact details.
- The Games Controller is then to explain to the photographer / video operator of the notice that has been received and that another person has requested that their child not be recorded. The Games Controller should then request the person's cooperation in not making any further recordings of the relevant game.
- If the photographer / video operator refuses to co-operate, only the stadium manager is to then enforce any venue policies. The refusal should then be reported to the complainant and the detail noted on the Games Controller's Report Form. If the complainant wishes to take the matter further, then this is up to them.
- At no stage should the Games Controller threaten to throw the photographer / video operator out of the stadium or report them to the police as this could possibly amplify the situation.

Match Result Protest Procedures

The WABL competition operates under the FIBA Rules (with some exceptions as noted in these Rules) and as such match result protests should follow the procedures contained in the FIBA Rulebook.

Basketball WA is mindful of the fact that not all teams carry a rulebook to their games so to assist team coaches and managers, the following guidelines have been issued:

- Notification of the intent to protest the result of the match must be reported to the Games Controller at the conclusion of the game and signed by the Coach. This must be submitted in writing and can be as simple as: "The X team wishes to protest the result of the game between X and Y". It should also be signed by the team captain.
- The notice should then be followed up with a written report from the Association submitted to the Basketball WA office within 24 hours of the completion of the game.
- A \$100.00 monetary security is required which is refundable if the protest is upheld.
